

EXPECT REPORT ON NAVAL LIMITATION

AMERICAN AND BRITISH EXPERTS HAVE NEARLY FINISHED THEIR WORK

Report May be Made to Conference Early This Week—Japanese Experts Have No Similar Announcement to Make—Crucial Point is "5-5-3" Ratio of Capital Ships

(By The Associated Press)
WASHINGTON, Nov. 26.—The problem of naval limitation, left in the background while the far eastern negotiations are developing step by step the policies of the powers toward China has been advanced to a point where it may resume a place of predominating interest in the arms conference.

It was indicated today that both the American and British experts had virtually completed their work on details of the American reduction plan and would be ready to report to the conference early next week. The Japanese had no similar announcement to make. The crucial point in the discussions as viewed by the American delegation at least is the "5-5-3" ratio of capital ships strength which forms the basis of the American plan and it is upon this feature that considerations of the convention are expected to center when it turns again to the naval question. It was said authoritatively today that in the opinion of the spokesmen of the American government all questions relating to auxiliary craft are of collateral importance only and can be settled easily once there is an agreement on capital ships.

Conference officials are understood to feel that the attention of the delegates can be diverted from the far eastern problems to the subject of naval armament without complicating the procedure of the conference and the American delegation in particular has shown a desire to get back into the naval discussion as soon as the work of the experts will permit. The American delegates are declared to be well satisfied with the progress made in the Far Eastern negotiations, but impatient to get the naval negotiations out of committee for a more definite exchange of views among those who will actually have the final decision.

Another of China's problems reached the point of a virtual "agreement in principle" during the day at a session of the committee of the whole devoted to a decision of maintenance of foreign post offices and postal systems on Chinese soil. The delegates all agreed there should be a withdrawal of the foreign postal machinery as soon as conditions warrant, and a sub-committee headed by Senator Lodge of the American delegation drew up for later formal adoption, a declaration of principal under which each of the powers would investigate conditions for itself and withdraw when it considered it practical to do so.

Report to Be Made Monday.
The report is to be presented to the full committee Monday and at the same time another sub-committee will present for approval a resolution declaring also for a gradual abolition of the extra-territorial rights in China as soon as China's judicial machinery will warrant the change. It is (Continued on Page Four.)

NINE LOSE LIVES WHEN STEAMER SINKS

(By The Associated Press)
OSWEGO, N. Y., Nov. 26.—Nine persons lost their lives when the Lake Steamer City of New York sank in Lake Ontario off Stony Point in a storm late yesterday. Five bodies—one woman and four men—were picked by the Steamer Isabella H. at 8 a. m. today and brought here. The bodies were found in a yawl belonging to the City of New York. Nearby another boat bearing the steamer's name was drifting but it was empty. This boat, undoubtedly was the one in which Captain Harry Randall, master of the ill-fated steamer, his two boys and a member of the crew sought safety when the steamer went down. It is believed they were washed from the boat.

PROMINENT PHYSICIAN DIED AT TUSCOLA
TUSCOLA, Ill., Nov. 27.—Dr. James L. Reat, 87 years old and one of the oldest practicing physicians in central Illinois, died at his home here yesterday. He located here in 1859. Dr. Reat was a veteran of the Civil war, serving as surgeon of the Twenty-first Illinois General Grant's old regiment. He was in the republican convention at Decatur, Ill., when Illinois named Lincoln for president.

POLITICIANS AND JOURNALISTS IN JAIL IN SAN JUAN

Arrests Follow Assassination Caused By Feud

(By The Associated Press)
BUENOS AIRES, Nov. 26.—With many of its leading politicians and journalists in jail and with the streets patrolled by cavalry the city of San Juan, capital of the province of the same name, is the scene of an old time political feud, reminiscent of the early tumultuous history of Argentina when political ascendancy was won by the best armed party. The feud which had been boiling for several months, between the two factions was responsible for the assassination last Sunday of Governor Jones.

Luis Colombo, president of the provincial supreme court who assumed the provincial governorship, also was fired on by the assassins who brought the governor's death, but received only slight injuries.

Immediately upon taking office Colombo began the arrest of leaders of the opposing factions, including persons suspected of instigating the crime. Meanwhile Juan Estrella, president of the provincial senate, who had been absent from the city returned and proclaimed himself governor.

He was promptly seized and thrown into jail. Three men alleged to be the actual assassins were arrested yesterday. They are reported to have confessed, implicating several politicians.

COURT REMAINS IN SESSION TO GET MURDER JURY

Difficulty in Securing Jury for the Nixon Case

(By The Associated Press)
GREAT BEND, Kans., Nov. 27.—Announcement that court would remain in session tonight until a jury had been selected to try Dr. M. W. Nixon, charged with first degree murder in connection with the death of A. C. Banta, a local attorney last July, was made by the trial judge, William C. Harris, when he reconvened district court here this evening after a tedious, all-day session at which ten qualified and unchallenged jurors were chosen.

A special venire of 125 was on hand for questioning when the proceedings were resumed tonight. An unexpected difficulty was encountered in obtaining qualified jurors. Several of the veniremen said they were not sufficiently familiar with the English language to serve, while others had formed fixed opinions. The first three venire—seventy-two men altogether—were exhausted this morning. Out of the next drawn only one man, E. York, qualified. Martin Miller, who early in the day had been accepted by both sides, was excused by the court for cause.

Mrs. D. A. Banta, mother of the slain attorney, appeared in the court room for a short time this afternoon.

MARINES MAKE LESS ROBBERIES

(By The Associated Press)
WASHINGTON, Nov. 26.—Action of the post office department in placing marine guards on mail trains and trucks, has had the desired effect of preventing a number of carefully planned projects to rob the mails according to reports of Second Assistant Postmaster General O'Shaughnessy in charge of transportation for the department.

Mr. O'Shaughnessy said today the marines had been asked for after department agents had learned that raids through the country in the mails were being planned this winter and had already more than justified their presence.

SUSPECTS ARRESTED IN MURDER CASE

St. Louis, Mo., Nov. 26.—Two suspects were arrested here tonight in connection with the death of a young man, whose body, riddled with bullets, was found on a lonely road near Edwardsville, Ill., fifteen miles east of here. It is believed the slain man is a St. Louis youth. The investigation has indicated that he was shot to death in St. Louis and that he was taken in an automobile to the spot where his body was found this morning.

Former Treasurers Issue Statements

(By The Associated Press)

Fred Sterling, Rockford, Ill., Nov. 26.—Lieutenant Governor Fred Sterling at his home here tonight declined to comment on the suits against himself and other former state treasurers.
"I have no statement to make at this time regarding these proceedings," he said.

William Ryan, Jr., Danville, Ill., Nov. 26.—"I cannot make any reply until I know exactly what the charges are," said William Ryan, Jr., state treasurer during the first years of Governor Dunne's administration, concerning proceedings commenced by Attorney General Brundage against himself and other former state treasurers.

"All I can say now is that I was checked out by three expert accountants. One of them represented the state auditor, another was employed by my bondsmen, and the third represented myself. Their report showing my accounts to be in good shape is on file and speaks for itself. While I have nothing to conceal, I deem it wise to wait further until I learn what the charges are before discussing them."

Edward E. Mitchell, Carbondale, Ill., Nov. 26.—Edward E. Mitchell, one of the five former state treasurers made defendants in suits filed today by Attorney General Brundage and alleging a shortage of \$2,500,000 in the accounts of former state officers, tonight denied any discrepancies during his term of office. Mr. Mitchell in a formal statement dictated to an Associated Press correspondent said:

"I turned over every cent of interest to the state and left a list of all interest money collected on file when I turned the office over to my successor. I turned over a larger rate, according to the daily balance than any of my predecessors. My record is clean and I have no fear."

"My Brundage is shooting into the air trying to make himself governor, but he will lose more friends than he will make."

UNCOVER LARGEST AUTOMOBILE THEFT GANG IN THE WEST

Cedar Rapids Garage Man Is Placed Under Arrest

(By The Associated Press)
CEDAR RAPIDS, Ia., Nov. 27.—The largest automobile theft gang in the middlewest was uncovered here, late this afternoon with the arrest of Bob Smulekoff on eight informations, charging him with receiving stolen goods and with illegal possession of stolen automobiles. He has been released on bonds of \$8,000.

Smulekoff is proprietor of a used car exchange and it is charged that stolen automobiles have been shipped here for disposal.

State Agents Campbell and Lainsom of the Iowa attorney general's office, have been at work on the case for several days. A number of other arrests are to be made in other parts of the state. Forty-two cars alleged to have been stolen, have been traced to Smulekoff's place.

MEN RELEASED THEN RE-ARRESTED

(By The Associated Press)
CHICAGO, Nov. 26.—Five men who were released today in criminal court on writs of habeas corpus after the police had failed to book charges against them were ordered re-arrested by State's Attorney Robert E. Crowe.

The police assert that confessions of one of the men has solved a murder and several other crimes. State's Attorney Crowe has ordered an immediate investigation of the evidence and has ordered charges preferred against the men if the evidence warrants.

Chief of Detectives Hughes has ordered the men re-arrested stating they are wanted on charges of murder. They are Tony Slowinski, Sam Miller, George Bucher, Sam Miller and Joseph Fredricks.

DR. AUGUSTUS THOMAS WILL ATTEND CONFERENCE

Augusta, Me., Nov. 26.—Dr. Augustus O. Thomas, state superintendent of public schools, has been selected to represent the national education association at the armament conference at Washington. It was announced today, He is chairman of the committee on foreign relations of the association which has in view an international congress on education to be held in 1920, probably at Washington.

Dr. Thomas will ask President Harding to present the matter to the delegates of the countries represented at the arms conference.

RANCH OWNERS HAVE MINE REOPEN

Buenos Aires, Nov. 26.—The ranch owners and others, including the American manager of an Armour packing plant, S. J. MacBey who had been held prisoners by bandits at Paso Ibague in the state of Vera Cruz, have been released according to a telegram from the commander of Argentine troops in the region, Col. Varela.

Chicago, Nov. 26.—James G. Cotter a negro today was appointed assistant United States district attorney in the Chicago district, according to word received here from Washington.

MEN WHO JOINED SPANISH ARMY ARE IN BAD WAY

Americans are Sick in Spanish War Camp

(By The Associated Press)
LONDON, Nov. 26.—Twenty Americans who joined the Spanish foreign legion last summer still remain in a Spanish camp near Ceuta, Morocco, suffering from dysentery, septic sores and vermin, according to stories told today by two of their erstwhile comrades, members of the contingent of thirteen Americans and forty-three Britishers, who reached London yesterday after seven weeks of campaigning against the Moors on the Melilla front. These stories of the stranded "buddies" were told by Charles W. Brown of 162 St. Ann's avenue, New York City and Charles Stephenson, a native of New York, whose home now is in Toronto.

Among those left behind in the Spanish camp, they said are C. B. Lloyd, of 907 West Washington street, Petersburg, Va., a youngster under 17 years of age; Benjamin Margolis, of Boston, Mass., who was wounded while on the Teutian front, and George Corbett of 6509 Bay Parkway, Brooklyn, N. Y., who paid his own fare from America when he joined the Spanish forces. They are all now destitute, according to Brown and Stephenson, and their sufferings are bound to become worse with the rain season in Morocco just beginning.

Brown and Stephenson confirmed earlier stories of hardships and cruel treatment at the hands of Spanish officers. They said they participated in eleven battles between Sept. 17 and Nov. 4.

BELIEVES STATES WILL COMPEL BOYS TO ATTEND SCHOOL

Editor of Educational Journal Makes Statement

(By The Associated Press)
NEW YORK, Nov. 27.—A conviction that in a few years every state would require its boys to be eighteen years old and high school graduates before permitting them to work, was expressed today by Dr. A. E. Winslow of Boston, editor of the Journal of Education, in addressing the Conference to Discuss Illiteracy here.

Walter E. Ranger, the Rhode Island commissioner of education, emphasized the need to provide something to offset the attraction of motion pictures.

Others advocated a little less "high brow writing in text books for the instruction of adult illiterates and a little more humor, suggesting the use of emotional appeals on the ground that American ideals could be inspired in the foreign by teaching constitutional history.

CHICAGO GIRLS WALKING TO FLORIDA

DANVILLE, Ill., Nov. 26.—Somewhat foot sore and short of money but apparently determined to carry out their enterprise, Lucille Hatch and Gertrude Chaudier, former Chicago telephone girls who have started on a hike to Jacksonville, Florida, passed through Danville this afternoon, expecting to stop for the night at Covington, Ind. Adventure, and a desire by Miss Hatch to obtain material for a book she expects to write, is given as their motive for undertaking the long trip.

PACKING HOUSE EMPLOYEES TO MEET

East St. Louis, Ill., Nov. 26.—A meeting of packing house employees will be held here tomorrow afternoon to ascertain the attitude of the employees towards proposed wage cuts. It was announced today by Earl W. Zimmerman, district vice-president of the Amalgamated Meat Cutters & Butcher Workmen's Union of North America.

PUZZLED BY SOVIET OFFICIALS' STATEMENT

Washington, Nov. 26.—Statements of soviet officials in Moscow today indicating the imminence of a negotiation of some sort of trade agreement with the United States puzzled American officials who professed not to understand the reference. In the absence of detailed official advice they refused to comment on the situation.

JACK COFFEY RESIGNS JOB AS MANAGER

Des Moines, Iowa, Nov. 26.—Jack Coffey who has managed the Western League baseball team here for the past five years handed in his resignation today to E. L. Koiser, secretary. Coffey announced that he has several offers under consideration.

CIVIL SUITS AGAINST FORMER TREASURERS STARTED BY BRUNDAGE

Were Filed in Sangamon County Which Affect Five Former Treasurers and Their Bondsmen—Allege \$2,500,000 in Interest Unaccounted for in Last Twelve Years

(By The Associated Press)
SPRINGFIELD, Ill., Nov. 26.—Governor Len Small, with his record as state treasurer under the hostile fire of Attorney General Edward J. Brundage, tonight faced legal battles in two courts as the first year of his administration approaches its end.

Charged with embezzlement of public funds and conspiracy to defraud the state, Governor Small is confronted with a criminal trial in Lake county. In suits for accounting begun by the attorney general against five former state treasurers and their bondsmen today, the governor is charged with manipulating state loans until he diverted to private channels a million dollars or more belonging to the people.

Lieutenant Governor Fred E. Sterling faces charges almost identical to those against the governor. December, the month when Governor Small's fight for freedom from criminal charges begins, will bring the service of summons in the civil suits on him, Lieutenant Governor Sterling, State Auditor Russel, William Ryan, Jr., and Edward E. Mitchell—all former treasurers. Summons will also be served next month on the 190 bondsmen of the former treasurers.

The civil suits against Small, Sterling and Russel alleging shortages of over \$2,000,000 in their treasury accounts, are scheduled to begin in Springfield next January. The suits against Ryan and Mitchell will be heard in Cook County. They bring the total amount of state interest which Attorney General Brundage said was unaccounted for during the past twelve years, to approximately \$2,500,000.

Governor Small is also defendant in both the Sterling and Russel suits as one of their bondsmen. The Small and Sterling suits involve the estate of the late Senator Edward C. Curtis, former colleague of Small, bondsman for Small and Sterling and alleged conspirator in the plot which the attorney general said was hatched to defraud the treasury. Verne Curtis, brother of the late senator and co-defendant in the criminal cases at Waukegan, is also a defendant in the same suits.

The civil suits, threatened weeks ago when Attorney General Brundage started the state treasury investigation, made their appearance a few hours after Governor Small's lawyers announced their plan of attack against the Small and Curtis indictments at Waukegan, December 6.

Demurrors against the civil suits and motions to quash the criminal charges, the governor's first line of defense will probably be disposed of by the time his first year as chief executive ends. Losing in both, it would mean trial at Waukegan and a long court battle in Springfield, where eventually the Illinois supreme court will probably write final to the state's most sensational court war of political origin.

DO NOT FAVOR ADJOURNMENT

(By The Associated Press)
WASHINGTON, Nov. 26.—Members of several delegations to the Washington conference informally suggested tonight that any thought of adjourning the sessions for the Christmas holidays be abandoned in the expectation that by adopting such a course the deliberations could be definitely concluded by the end of December.

The negotiations were proceeding so smoothly, they pointed out, that the conference could be expected to complete its work in a much shorter time than was at first seemed possible. For this reason, it was suggested that delegates who had planned to go home for Christmas might well be urged to abandon this intention so that the sessions could be continued without interruption. In such a case it was said the conference might end by December 28 or 31.

FRENCH UNFRIENDLY TOWARD FOKKER PLANE

Paris, Nov. 26.—Severe criticism has been aroused by the exhibiting of a Fokker airplane at the Aviation Salon, it being held that it is too early after the German army of Fokkers flew over and bombarded Paris, for a machine made by the same man to be admitted to France for show purposes.

AMERICAN IS MAROONED IN MEXICO CITY

William F. Buckley is Ordered Expelled From Country

(By The Associated Press)
MEXICO CITY, Nov. 26.—William F. Buckley, president of the American Association of Mexico is a refugee in the American embassy in Mexico City awaiting developments incidental to an order for his arrest and expulsion, said to have been issued several weeks ago by the Mexican officials.

Mr. Buckley's presence in the embassy is with full knowledge of the Mexican authorities who are understood to be undecided as to what course they should pursue if Mr. Buckley ventured forth and thus subjected himself to immediate arrest. According to information available this afternoon the order for his arrest and expulsion was issued more than two months ago, at which time he was not in Mexico.

Mr. Buckley's expulsion, it is said, was ordered because of his aggressiveness against the present Mexican government. Mr. Buckley this afternoon sent a lengthy telegram "to friends in Washington," in which he stated:

"My offense is that since March I have publicly advocated the Mexican policy later adopted by the American government, and since then I have publicly defended that policy."

NON-UNION MEN INVITED TO MEETING

(By The Associated Press)
OMAHA, Neb., Nov. 26.—Non-union as well as union employees are being invited by the Amalgamated Meat Cutters & Butchers Union of North America to attend the mass meetings in packing house centers tomorrow which the union's secretary, treasurer, Dennis Lane said would take the form of "public demonstration."

That the workers have not accepted wage cuts announced as effective November 28.

A statement to this effect was made here today by W. J. Burns of Omaha, secretary of the union's district council No. 5.

IN POLITICS.

The civil suits filed by At- torney General Brundage against five former state treasurers yester- day did not create any great sensation since Mr. Brundage several weeks ago varied usual rules of procedure by heralding abroad the fact that he would file the bills and ask for an account- ing. Bondsmen of the treasurers also made parties to the suits.
The particular reason the an- nouncement of the filing of the suits did not attract more interest is because of the widespread feel- ing that the basis for the whole proceeding just as in pending suits action against state officials is "politics." Certain it is that a great political squabble is on and the end is not in sight.

The vast amount of preaching about early Christmas shopping in past years bears fruit in the present. The stores of Jack- sonville are reporting a good steady business and one of the big Chicago stores recently an- nounced that the visitors for one day exceeded all previous re- cords. They are "shopping early" and they are doing it without any great amount of urging.

A Jacksonville man who re- cently attended a meeting of the Quincy Rotary club was greatly

impressed by the fact that follow- ing a weekly custom, for one minute the members stood in si- lent prayer. With some organ- izations this is an annual custom but evidently the Quincy men have built up an organization un- usually devout in spirit. When one remembers that service is the ideal of Rotary, the silent prayer idea fits in well with other Rotary customs.

The greater present day inter- est in athletics was strikingly il- lustrated a day or two ago, when Coach Harmon of Illinois college, addressed a group of Jacksonville men on the subject. Some years ago the theme might have been considered as applying only to college students, or those inti- mately connected with them.

General interest was shown on this occasion by the careful at- tention given the speaker as he explained some of the deeper problems of athletic work and the relationship that exists be- tween athletic development and scholarship. The college or high school coach of today is a very important faculty member.

PAYING AUSTRIA'S DEBT

One of the finest incidents of the after-the-war period and the relationships which the war pro- duced is seen in the coming to American from Austria of the world famous surgeon, Dr. Adolph Lorenz. This surgeon, who is out-ranked by none in the world, has come to the United States to express his gratitude for what was done by Americans for the starving children of Austria. He will express that appreciation, not in words, but by services ren- dered to crippled persons, mostly young in years.

The services of the great spe- cialist are to be given without cost and newspaper stories tell of pathetic scenes where Dr. Lorenz has received the cripples. So great has been the rush that in one five-hour period he examined 125 and made recommendations for their relief.

About twenty years ago, Dr. Lorenz came to America to per- form an operation on the daugh- ter of J. Ogden Armour. The op-

eration saved her life and the surgeon was paid a princely fee, judged by the standard of money. Now in this after-the-war spirit the surgeon has come to the country with which his country was at war and is giving his services without money and without price to those who are in greatest need of those services. It is indeed a great picture.

A PLAN OF GREAT PROMISE

Mr. Meyer, of the war finance corporation, is not satisfied merely with advancing money to re- lieve the agricultural credit sit- uation. He announced early in November that "directors of the war finance corporation had de- cided, with the approval of the secretary of the treasury and the secretary of agriculture, to ap- point a committee for the purpose of investigating and developing plans for warehousing corn on a large scale."

"It will be recalled," says Mr. Meyer, "that many years ago, when there was a temporary large surplus, cribbing corn was successfully undertaken in carry- ing forward the surplus. It is believed that way and means may be found by which a considerable part of the large surplus now on hand may be safely stored and financed on a sound business basis until it can be marketed or utilized, with benefit to the farmer in the corn belt as well as to the entire nation. Crop records show that unusual yields do not continue indefinitely, and the preservation of a surplus against a time of diminished pro- duction, is in line with sound economic and financial policies. The membership of the commit- tee will be announced shortly."

If the plan is carried out, and the indications are that it may evolve into practical fulfillment, it will establish a revolutionary precedent—Farm Life.

GREENFIELD WOMAN SERIOUSLY BURNED

Mrs. Charles Linkers Burned by Gasoline Explosion Recently— Other Greenfield News.

Greenfield, Nov. 25.—Mrs. Charles Linkers was seriously burned recently when some mem- ber of her family had carelessly left some gasoline in a cooking utensil. Mrs. Linker mistook the gas for water and set the kettle on the stove causing an explosion. Mr. Linker happened to be close by and extinguished the blaze but not until Mrs. Linker was badly burned.

A family reunion was held last Tuesday at the home of Thomas Vandaveer in honor of his 91st birthday. A goose dinner with all the trimmings was enjoyed by the guests.

A. J. Mellor of this city and Mrs. Broadhurst of Buxton, S.C., were married in St. Louis last Wednesday. They were boy and girlhood friends in England. For the present they will make Greenfield their home.

The annual Thanksgiving serv- ice was held at the M. E. church Wednesday evening. Rev. Mon- roe Goodsell of the Baptist church preached the sermon to a well filled house.

The Ladies of the Presbyterian church held their annual Thank- giving dinner and bazaar at the church Thursday. The ladies realized a neat sum from the lib- eral patronage of the Greenfield citizens.

WHEEL TAX CASES SETTLED YESTERDAY

Two Citizens Who Fought Vali- dity of Ordinance Pay Costs of Suit and Tax—Other Arrests Will Follow, Chief Kiboran Says

The much argued wheel tax cases have at last reached a set- tlement. Two of Jacksonville's citizens, who were arrested fol- lowing their failure to pay the tax, have admitted defeat. The cases were brought to settlement in the court of Justice C. O. Bay- ha, the defendants agreeing to pay the tax and the costs of the suits. The cases of J. S. Green and James McDonald were those settled yesterday.

Joseph E. Stice, a third defend- ant, was unable to appear on ac- count of illness, but it is thought that his case will be settled in the same way.

All of the defendants are re- spected men of the community, who considered the wheel tax un- just and illegal, and who wished to test the validity of the ordin- ance.

Chief Kiboran stated yesterday that more arrests would be made unless there were prompt settlements.

HELD OLD TIME SHOOTING MATCH

The Nickel farm, two miles northeast of Concord, was the scene of an old time shooting match recently. The affair was well attended and some good gun work was displayed. The shoot- ing distances were fifty feet, 100 yards and 220 yards.

Dr. A. C. Boile and Harve Huntsmeyer, of Jacksonville, were both among the best shots, winning some of the prizes.

Three turkeys, four geese and six ducks were given away during the afternoon.

DAVID PRINCE LOSES TO FRANKLIN GRADES

The David Prince basketball team played the Franklin seventh and eighth grades last night at Franklin, losing by one point to the Franklin boys, 21 to 22.

The game was fast throughout and was a tie at the end of the regular period. Five minutes overtime had to be played to decide the winner. This was the first game of the season for the David Prince team, which promises to be an unusually good one this year.

DOMESTIC SCIENCE CLUB HELD MEETING

The Domestic Science Club held its monthly meeting at the home of Mrs. D. J. Crouse, and her family.

Mr. and Mrs. Ernest Henry and daughter, were Sunday guests of Mr. and Mrs. Fletcher Seymour.

Mr. and Mrs. Irvin Henry, and son, Ralph, visited with Mr. and Mrs. Edwin Sooy, and family, Sunday.

Mauril Crouse visited Sunday with his father, Elshua Crouse. Mr. and Mrs. Robert Henry and Mr. and Mrs. F. A. Seymour, spent Monday with Mr. and Mrs. Ernest Henry.

The teacher and pupils of Pleasant Grove school will give a Thanksgiving program Wednesday afternoon.

bers were present, with Mrs. Solomon of Peoria, Mrs. Gary Gunh, Mrs. Nellie Millon, and Mrs. Goldsday, as guests.

After a short business session the program for the afternoon was given, as follows:

The collection of club women, in concert.

Roll call—"A Sketch of the Most Interesting Person You Ever Knew."

Mrs. Mary Dawson Jordan then gave a wonderful paper on "Lessons We Have Learned From the World War." She brought out the fact that if its "lessons" were put into real deeds by everybody, there would not be so many unsightly scars.

Following this, Miss Mildred Wright gave a most excellent paper on "Dancing and What It Means."

From the time Miriam sang her praises to God for deliverance beside the Red sea, where the soul was so full of gratitude, that even the body found expression, to the present modern dance, was given in a vivid picture of the evolution that had brought the dancing of the present.

Instead of our usual demonstration, the hostess treated those present to a most delicious luncheon.

Thus far, this has been the best club year for this organization.

LARRY SEMON

In "The Rent Collector"

Larry Semon has produced another riot of fun, using for his chief malefactor the ever popular rent collector. Larry takes a job as rent collector and gets into all sorts of trouble. In this comedy Larry introduces many new stunts. As usual, he injects a number of thrills which end with comedy twists. He also introduces a trick canary that squirts water or milk into the faces of those it dislikes. There is also the slap-stick comedy, so popular with both young and old. Larry smashes several hundred dollars' worth of statuary, a complete assortment of fresh fruits and vegetables, an automobile and breaks up a barber shop, to say nothing of spilling several barrels of tarvia and wrecking a three-story house and contents. It is one of the funniest comedies Larry has ever produced and contains a logical story, which is easy to follow.

EARL WILLIAMS

In "IT CAN BE DONE"

"It Can Be Done" is an interesting story of love, adventure, suspense and humor. It deals with the adventures of an author who made a wager that he could live any one of his stories. The author, played by Earle Williams, is also engaged in writing a series of articles for the daily paper, exposing food profiteers. Among them is his prospective father-in-law and the man with whom he made the wager. Complications follow which have both a dramatic and humorous twist.

Clothes and the Man

There's a big difference between a dolled-up dude and a well-dressed man.

You can see the difference on the outside, but the big difference is on the inside.

It's the same difference that distinguishes good clothes from clothes that merely attract attention by offending good taste.

Good clothes, such as those built to the man by ALBERT RENNER have that enduring quality of workmanship in them that never wears out.

Wear them every day and Sunday, too, if you want to. Wear them until they're frayed, if you will. But the longer you wear them, the better they hang, the better they feel on you, the better they FIT. They will always look like GOOD clothes.

The same sort of quality inside of men, makes other folks call them BIG men.

ARBUCKLE DEFENSE EXPECTS TO CLOSE ITS CASE TOMORROW

Finger Prints Bulk Large in Saturday's Session

(By The Associated Press)
SAN FRANCISCO, Calif., Nov. 27.—The defense expects to close its presentation of evidence in the Roscoe C. ("Fatty") Arbuckle case next Monday. It was announced tonight when court adjourned over the week end.

Finger prints bulk large in today's proceedings. The prints in question were found on the doors of the rooms in the Hotel St. Francis, where Arbuckle gave the party last September at which Virginia Rappe is said to have received fatal injuries at the comedian's hands, and as a result of which, he is on trial.

Ignatius H. McCarthy, former investigator for the federal department of labor, was called as a fingerprint expert by the defense to controvert testimony offered by E. O. Hienrich of the University of California, a consulting criminologist.

Hienrich had sworn that some prints on the door of the room where Miss Rappe was found injured, were those of the defendant and that these and others indicated a struggle between Arbuckle and Miss Rappe.

McCarthy's qualifications as an expert were under fire from the prosecution when court adjourned. He admitted he never had testified as such an expert before.

Among other witnesses today were Philo McCullough, a motion picture actor of Hollywood, Calif., and Miss Florence Bates

of Santa Ana, Calif., friends of Miss Rappe. Both testified they had seen Miss Rappe "double up," and tear at her clothing.

According to previous evidence Miss Rappe did this at the Arbuckle party.

EXPECT REPORT ON NAVAL LIMITATION

(Continued from Page 1)
expected that the dispatch of an international committee of jurists to China to study the situation will be recommended in the sub-committee report and agreed to by the conference.

In the discussion of the postal question today the delegates of Japan are understood to have expressed serious doubt whether the present postal facilities of the Chinese government would fully meet the demands made upon them should the foreign systems withdraw.

Altho no formal mention of it was made in the committee meeting, President Harding's suggestion for a continuance of the conference plan in international relationships was a question of absorbing interest in private conversations between delegates.

Few of the delegates would comment on it publicly, and the only hint as to the possible attitude of the other nations came from M. Viviani, head of the French delegation who endorsed the suggestion saying it was not only a "high thought" but a practical one and from a British spokesman, who declared that an association of nations must be approached carefully until the attitude of the American congress had been expressed.

"Great Britain," said this spokesman, "is most anxious to participate in any movement that would tend to the peace of the world, but obviously the president's suggestion is more or less an American domestic question on which it would not be proper for the delegates to express an opinion until the details have been worked out and the congress of the United States has decided on some definite scheme that would have the full approval of the American people."

Developments during the day served to strengthen the possibility, however, that the plans for a future conference might become a subject of formal consideration before the arms negotiations are concluded. It was pointed out that the opportunity would be presented directly when the Far Eastern discussions reach that part of China's ten points suggesting that provision be made "for future conference to be held from time to time for the discussion of international questions relative to the Pacific and the Far East as a basis for the determination of the common policies of the signatory powers in relation thereto."

FRENCH RECRUITING POLICY OUTLINED

(By The Associated Press)
PARIS, Nov. 26.—The government's recruiting bill to raise a nucleus of professional soldiers as the stabilizer of a smaller conscripted army under the proposed eighteen months service was filed today with the army commission of the chamber of deputies. This bill is still indefinite in its terms, but its advocates consider it capable of producing 100,000 men, who will form the frame work of a big army in case of general mobilization.

The bill, coupled with Premier Briand's declaration at Washington of a reduction in the army, has resulted in much discussion among military men and parliamentarians. It is agreed that the country demands eighteen months service and this probably will be adopted but there are wide differences of opinion as to what force France should maintain. This doubtless will take a foremost place in the debates in the chamber and senate after M. Briand returns to Paris.

INVESTMENTS SHOW REMARKABLE STRENGTH

NEW YORK, Nov. 27.—The remarkable activity and strength pressed by this week's bond market, was a source of general satisfaction in financial circles.

Dealings in bonds at all times overshadowed the business transacted in the stock market, although the turnover in the share list was unusually large and diversified. Total sales of bonds on the stock exchange without taking private transaction in account, approximate \$90,000,000 par value.

But for the holiday (Thanksgiving) recess the aggregate doubtless would have been well beyond \$100,000,000.

Liberty bonds and victory notes were at the forefront throughout, contributing from 60 to 65 per cent of the total operations. At their highest levels, which showed gains of one to slightly over 2 per cent maximums for the year were made by the tax exempt 3 1-2's, the second 4's and all the 4-2's while the two victory issues repeated their previous high quotations on sales of odd lots.

COMMERCE IS AT STANDSTILL

NEW ORLEANS, La., Nov. 27.—Commerce in the port of New Orleans remained practically at a standstill today as a result of the sympathetic strike of all water front unions declared yesterday, when the Steamship Operators' association endeavored to replace striking cotton screwmen with non-union workers.

Steamship officials claimed claimed work was progressing on nineteen vessels, while the union leaders maintained that only a small number of non-union workers had been obtained to replace the 12,000 men out on strike. Governor Parker will meet with strikers and ship operators tomorrow and will decide whether to stand by his original announcement that he cannot officiate as an arbitrator.

ROBBERS MAKE OFF WITH BIG PAYROLL

Boston, Nov. 26.—The highways and byways of New England were under police surveillance tonight in the belief that over some remote road four men in automobile with a broken windshield were speeding with the \$28,444 payroll they stole from the A. G. Weston & Co., shoe factory at Chelsea, this forenoon.

The money was snatched from the pockets of the first National Bank of Boston as it was being carried into the office shortly after 9 o'clock. Tossing the pouch into the tonneau of a waiting automobile the bandits exchanging shots with the messengers and their guard sped away, to be seen later while passing thru Weymouth. Then the machine disappeared.

CHICAGO MEN ARE HELD FOR ROBBERY

Chicago, Ill., Nov. 26.—William Walhorney and "Sky" Scott of Chicago, were arrested by police tonight and are being held in connection with a burglary at Kankakee in which jewelry valued at several hundred dollars was taken. None of the loot was found in possession of the men. The men were taken from a train on which they were beating their way.

ADMIRAL BEATTY SAYS CONFERENCE GOING WELL

Ottawa, Nov. 26.—Admiral Earl Beatty told the Ottawa Canadian club today that if the Washington conference were to close its doors tomorrow it would have accomplished something toward releasing the world from the great burden of armament and the taxation that it involves.

He said that his very presence in Ottawa today indicated that all goes well at the conference.

BIG FIRE AT OTTUMWA, IOWA

Ottumwa, Iowa, Nov. 26.—Fire, believed to have been caused by defective wiring, caused damage estimated at \$150,000,000 to business establishments here tonight. The fire is believed to have started in the elevator shaft in the building occupied by the Nelson Cloak company. It spread to the adjoining building occupied by the Stevens Shoe company. Stock in the shoe company is reported to be a total loss.

BLUEBEARD LANDRU SHOWS INDIFFERENCE

VERSAILLES, Nov. 26.—"Bluebeard" Landru listened with the utmost indifference today while attorneys representing relatives of missing women whom the prisoner is accused of murdering, demanded his head.

The sobbing of the relatives of the missing women was heard all thru the court room as M. Surcouf made his plea, and during that of M. Lagasse, who followed, but Landru appeared not to notice and not to hear. Landru is a "cautious liar" said M. Lagasse but he also "woefully weak with a limited imagination that drives him to silence when pressed with grave questions. Let him tell where Madame Pascal is and I will tender him my hand, but he will say nothing."

The prosecution will sum up its case on Monday.

DISTRICT COURT ORDERS RETRIAL

Auburn, Kans., Nov. 26.—The district court ordered a mistrial today in the case of M. S. Lucy Neal, charged with killing her husband, on the ground one of the jurors had discussed the case outside the court room. The court's action makes necessary a new trial.

NEWSPAPERMAN STABBED TO DEATH

Guatemala City, Nov. 26.—Alfredo Conde, director of the newspaper El Democrat, was stabbed to death today with a sabre. His assassin was captured. Senor Conde's paper is the organ of the federal liberal party.

BANK CASHIER IS PLACED UNDER ARREST

INDIANAPOLIS, Ind., Nov. 27.—Henry Schoenrock, cashier of the Beech Grove Ind. State bank, was arrested today, charged with falsifying accounts so as to cover shortage amounting to \$7,000. The arrest was made on an affidavit filed by Jeremiah Gray, president of the bank. Schoenrock's arrest followed the closing of the bank on the order of Charles W. Camp, state bank examiner, who announced that appointment of a receiver would be asked.

CHARGED WITH SHOOTING UP TOWN

LEWISBURG, W. Va., Nov. 26.—Several additional defendants were brought to trial in circuit court today for alleged complicity in the "shooting up" of McDowell county, a mining town, nearly 18 months ago. Six men were found guilty by a jury in connection with the same charge yesterday but sentence in the case of each man was deferred. The shooting was incident to industrial disturbances in the Southern West Virginia coal fields at that time.

SURVEYORS LAYING OUT STATE ROAD

Planned to Connect Jacksonville With Winchester May Run Thru Riggston.

Surveyors for the state have been at work the last few days surveying a road between here and Winchester. It is planned to connect every county seat in the state with hard roads. The present survey passes thru Lynnville, then to Winchester and from there across the river to Florence and on to Pittsfield.

There was some argument at first as to what route the road should take from here to Winchester. The people living in the Riggston vicinity wanted the road to run thru that village, but the Winchester people wanted it to go thru Lynnville and finally won their point. Later it was found that the road thru Lynnville has seventeen turns which the state will not make. Consequently the road was surveyed over some private property.

The Riggston road is a mile and

three tenths longer than the proposed Lynnville route, but it has only one or two turns and would be the easiest and cheapest road to build. The Riggston people are still hoping that something may be done about the matter to make the road go thru their village.

DR. C. C. COCHRAN TELLS OF CANCER

Local Physician Tells Some Precautions That May Prevent Disease—Everyone Must Take Part in Fight

(By C. C. Cochran, M. D.) As war has been declared against cancer, it is expedient that every one should get ready to do his part in the contest. Nineteen hundred and nineteen records tell us that 61,000 persons died of cancer that year in the United States. We are also told that the rate increases thirty per cent each decade. Accordingly 79,300 died of cancer in 1920. Appalling!

The question naturally follows what can we do to get rid of this awful curse? Do not give up in despair. All get busy and do your part and the work will be accomplished.

First, what is a cancer? In answer we frequently say: We don't know. But I shall try, along with others, to explain what I consider a cancer to be. A cancer is a malignant tumor. There are two kinds of tumor—benign and malignant. These two kinds of tumor are made up of the same kind of cells, but differently organized. We would like to stop here and explain and define a cell, of which all organized bodies, normal and abnormal, are composed, but time and space will not permit.

The benign tumor then is composed of the same kind of cells as the malignant tumor, but increased in a capsule or sack and cannot mix with the healthy body cells. By this means they are rendered harmless. In a malignant tumor the cells are not increased in a capsule or sack; hence the malignancy is caused by the mixing of the tumor cells with the healthy cells of the body. The philosophy is as follows:

The healthy body cells are trying to get rid of the foreign cells, just as good citizens try to get rid of bandits and thieves, and in so doing, get up an agitation and an irritation. The conclusion is that the irritation of cells or tissues is the initial cause of cancer. Irritation may be caused in many ways. Constant use of pipe or cigar may irritate the mouth. Improperly adjusted clothing, as shoes, hats, collars, etc., may irritate. Warts, moles and old scars are easily irritated. Any excess of food, more than is necessary to supply the demands of the tissues and keep up the chemistry of the system, is injurious and conducive to cancer.

After twenty-five years devoted to the study and treatment of cancer and the removal of cancerous growth, the writer has decided that intelligent care of our bodies, proper diet and hygienic living, will do more to prevent the forming and ravages of cancer than all other things combined. The wart of space will not permit us to stop and explain all these facts.

Now a few suggestions to the people who can do more for themselves to prevent cancer growths than physicians can do to cure them, viz—See that all abnormal and morbid growths are removed from the body before becoming malignant; that all clothing and everything worn on the body is so adjusted and fittingly arranged that it will not irritate or press too tightly. All persons subject to morbid growths should live much in the open air, eat no meat, pastry or stimulating food, drink no stimulants. Look well after the eliminations. See that the acids and alkalis, the active elements of the food, and, when properly combined with oxygen, provide the chemistry of the body, furnishing the energy and life of the body.

Be Careful as to Food

Now a few hints and suggestions which, if put into practice, will assist many to avoid this dreaded affliction. Our bodies, so wonderfully made, came from the ground and to the ground we must go for supplies; but the Great Builder of our bodies provided a way by which we may obtain the food necessary for the upkeep of our bodies. He chemically prepared it via the vegetable kingdom. Milk is a natural food, but no part of the animal's body, but a vegetable gathered and chemically changed in the laboratory of the animal and given to us for food. Eggs are likewise vegetables gathered and prepared and hermetically sealed in a shell to preserve them to us pure. Eggs are all pure albumen—the best form of condensed nitrogenous food for man. Too many eggs are injurious to our health, the same as too much corn and oats alone are injurious to the lower animals. If the supply of eggs exceeds the demand, the excess is rejected by the tissue, thrown onto the kidneys, resulting in albuminuria or inflammation of the kidneys, and if persisted in, may cause cancer of the kidneys. This is not far fetched.

Think of it. We must have plenty of green vegetables mixed with our condensed food if we would be healthy.

Meat? Meat is not food. It is the result of food—second hand goods—well poisoned. The analysis of meat shows the following: Fourteen grains of urea, (poison), to one pound of steak in bulk; fat, ten per cent; nitrogen, (food), twenty per cent; water, seventy per cent, well poisoned. I recommend that you better go to your hydrant and get pure water.

Among the meat eaters of the world cancer is almost uncontrollable, but among the vegetarians cancer is scarcely known. All extensive meat eaters have more or less kidney trouble.

Please do not think me an alarmist. I am ready to back up all I have said and ready to

MAY STOP PROHIBITION OFFICERS FROM TALKING

Washington, Nov. 26.—How much talking prohibition agents should mix with their enforcement activities was said to have been under consideration today by treasury officers. Commissioner Haynes conferred with John Exnicious, officially described as "the terror of the Pacific Coast," who is head of the enforcement unit in Western Pennsylvania and were understood to have discussed criticism in Pittsburgh against reported speeches by Mr. Exnicious on the relation of legal authorities to prohibition enforcement. Later Mr. Haynes held a lengthy conference with Secretary Mellon.

BIG LIQUOR RAID IN SHEBOYGAN

Sheboygan, Wis., Nov. 26.—Deputy Prohibition Director T. R. Blodgood and twenty five members of his squad stepped off a Chicago & Northwestern train unannounced here today and within two hours had finished one of the most sweeping liquor raids in the history of the city.

Twelve places were raided and in each instance quantities of liquor laid in for today's rush were confiscated. Warrants for the arrest of the proprietors will be issued Monday morning, it was announced.

DEPARTMENT OF LABOR WATCHES SITUATION

Washington, Nov. 26.—Altho packing house workers at Chicago and other mid-western cities are said by the packers to have voted to accept wage reductions effective Monday, the department of labor announced today that it had ordered conciliation commissioners to keep in close touch with the situation.

"It appears that both union and non-union workers are alike aroused by the proposed reduction," the department said and should a strike eventuate, a majority of the workers, both union and non-union would respond. Our commissioners are watching the situation closely."

REVOLUTION DOES NOT ALARM OREGON

Mexico City, Nov. 26.—Revolutionary conditions reported recently in Lower California are considered of small importance by President Obregon, who received the newspaper correspondents in his office today and dismissed questions relative to these reported disturbances with a laugh.

"There is no need for alarm," he said, "as the uprisings are minor and of no importance."

say more. Think of this terrible monster traveling up and down the earth seeing whom he may devour. ARMY DEFENSE IS SMASHED BY NAVY

Navy Able to Stand Heavy Seas Better Than the Army Men—Make Their Only Score in the Second Quarter—Army Threatened Navy Battle Line Near Close of the Game

NEW YORK, Nov. 26.—The battleships of the navy eleven plowed thru the heavy seas of the Polo grounds today, battered the army's fortifications in the rain, captured the annual service football classic by a score of 7 to 0 and took the lead in the series. Since 1899 the Navy has won twelve times and the Army 11.

The Navy scrapped their airplanes upon discovering early in the game that dreadnaughts were more effective or making progress against the enemy. It made an attack with line plunges and end runs that resulted in an advance of 53 yards to a touchdown early in the second period.

Barchet was the stellar battle cruiser in this progress toward the white line and indeed thruout the game. From his own 44-yard line he circled end on a kick formation 20 yards.

Conroy and Barchet then alternated in carrying the ball off of tackle from a tandem formation until the former smashed thru for a touchdown, followed by King's goal. The progress to the goal comprised thirteen plays during which the Navy earned first down four times.

Outrushed and outplayed in the line, the Army threatened to tie up the game late in the last quarter as the result of the brilliance of French. Receiving a punt at his own 40-yard line he ran it back ten yards and followed this up with a 28-yard run around his right end with interference provided by a double shift of the backs to the right before the ball was passed. In two more plays he had put the ball ten yards away from the Navy's goal line but was thrown for a five yard loss in attempting to repeat. Here Hamilton, a substitute back intercepted a forward pass one to five which the Army tried in vain during the game, and the threat of a tie score was averted. Hamilton was tackled as he grabbed the ball eight yards from his own goal and altho the navy was penalized for offside, it soon kicked out of danger just before the game ended. The Navy had the Army on the defensive most of the game twice having the ball within the Army's 25-yard line in the second period only to lose it. Once it was held for downs and on the other occasion lost the ball

on a fumble. Most of the play in the third and fourth periods was in the mid-field mud, but the navy was the nearer toward their opponent's goal.

The Army had one real scoring opportunity beside that which was lost with the interception of a forward pass in the fourth period.

This was in the first quarter when right after the first kick-off it carried the ball from its own 26-yard line, 41 yards to the Navy's 33-yard line where the Navy solved the mystery of the double hop of the Army's backs and compelled the Army to resort to an attempt the score by a goal from placement.

Milligan failed.

Standing on the 42-yard line he booted the heavy leather straight, but it went under the cross bar.

The advance that culminated in this attempt was the only exhibition of offensive power by the Army until the flash toward the end of the game.

The lineup:

Army (7). Position, Army (6).
Parry, left tackle; Storck, right tackle; Milligan, center; Barchet, left halfback; Grene, right halfback; Garbisch, fullback; Davidson, quarterback; White, left end; French, right end; Smythe, left guard; Wood, right guard; Lawrence, center.

MILLIKIN PROVES ATHLETIC WELCHER

School Shows It Is Poor Loser in Cancelling Illinois Game—Not First Offense of the Kind

Millikin university proved to be an athletic welcher when she cancelled her annual game with Illinois college, Nov. 19, and then did not even show the courtesy to send a telegram to Coach Harmon or President Rammelkamp, telling of the action of the faculty on the game Coach Wann proposed for Nov. 28 or 29.

For the benefit of readers who may not know what a welcher is, we will say that in the parlance of the race track, it is a bookmaker who takes bets on a race and then fails to pay after the race is over.

There is no question in the minds of the supporters of Illinois, and we believe it will extend to the supporters of other schools when they learn all the circumstances surrounding the case, that it is a pure case of welching.

To begin with we will say that so far as could be learned the Millikin-Illinois game was the only college football contest that was cancelled in the entire country on November 19. Jacksonville and Quincy high schools played a game on Illinois field that afternoon on a field half covered with water and the other half ankle deep in mud. Despite these adverse conditions a crowd of nearly 1,500 saw the game and it was a good contest.

Other Heavy Fields
Associated Press dispatches told of other heavy field throughout this section. We recall that they told of water nearly a foot in depth standing on the Northwestern field where Iowa and Northwestern battled. So it might be enumerated all over the country.

On the Monday following the Saturday when the game was to have been played, Coach Harmon made a trip to Decatur and talked with Coach Wann about a post season game. At that time Wann offered either Tuesday, Nov. 28 or 29 for the game. Harmon was to come back and put the matter before the Illinois faculty and if it was willing to let the team and students off he was to notify Mr. Wann. Mr. Harmon had to the impression that the game depended solely upon the action of the Illinois faculty. The members promised to be good sports and unanimously voted to give a holiday on Monday, Nov. 28. This was communicated to Mr. Wann Tuesday afternoon.

Word Came by A. P.
No word came back from Millikin as to the game. Wednesday evening the Journal Associated Press operator, W. H. De Shara, asked Deatur about the game. The message came back that the Millikin faculty had refused permission for the game. It was such a bare statement that a story was asked for but it was not much more satisfactory.

Coach Harmon then sent Coach Wann a message asking him to advise him immediately as to whether the game would be played as he wanted to know before the game with Shurtliff started Thanksgiving afternoon. Mr. Wann waited, however, until after the game with Lake Forest, which was being played at Decatur on the same day, was over. The score was 10 to 3, in favor of Lake Forest. Then the message finally came saying the Millikin faculty had refused permission to play the game with Illinois.

The members of the faculty of Illinois college also did not like the manner in which Millikin authorities acted. A message was sent by Professor Ames, faculty member of the athletic council, to the president of Millikin, asking for an official statement as they did not think much courtesy had been shown Illinois authorities in the matter. Thursday night the Millikin president replied that the Millikin faculty had voted to end the football season on Thanksgiving day because they did not wish to establish an "undesirable precedent."

Not First Offense
This, however, is not the first instance of this kind that Millikin has been guilty of. Last spring Wann had a mediocre baseball team. They had been walked almost every time they played. Illinois had a pretty good baseball team last spring. Two games were scheduled with Millikin, one here and one there. Coach Wann cancelled both of them. Then Illinois was to hold a dual track meet with Millikin at Decatur. Coach Wann notified Harmon that the Millikin track was torn up in the course of improvements. Coach Harmon obligingly changed the meet to Illinois field.

One thing the present situation proves and that is that Millikin is a poor loser. When they are winning they want to play the whole world. But they can't stand the game. The Wesleyan score was a bitter surprise and the Lake Forest result was worse than a dose of cancer oil and gasoline combined.

But Millikin does other things that show poor sportsmanship. Just before the date for the game with Millikin a week ago Coach Harmon wrote Wann a letter telling him that Illinois would bring over 200 or more players and a band of twenty-five musicians

and asked if they could not get a rate to the game.

The reply of Mr. Wann stated that the admission was \$1, and that would apply to the students and the band as well. His reason for this was that Millikin students had been charged the regular admission when they went away with the team.

So far as Illinois college is concerned, she took more students to Millikin in 1916 than have come from Millikin with the team during all the years that the schools have been playing. But then they don't believe in giving anything away at Millikin. One thing Mr. Wann offered to do, however, was to tell Mr. Harmon they would open the big gate to Millikin field so the Illinois rooters could march in and make their demonstration. That was indeed conceding. It is a wonder he didn't tell him the students would have to climb over the fence in order to get inside.

BO M'MILLIN LEADS TEAM TO VICTORY

COLUMBUS, Nov. 27.—"Bo" McMillin, Centre college, all-American quarterback and "Ed" Casey, Harvard all-American halfback, upheld their gridiron traditions today by piloting a 16 to 0 victory, a "Rainbow" team, composed of former star gridiron players from a score of universities and colleges, over a "starbuck" team composed of Ohio State university stars at Ohio field. Players donated their services and the proceeds went to local charity.

The Little Centre quarterback, his goal in danger, circled the end, wriggled his way through opposing tackles across the field and in an 86-yard dash, planted the oval behind the goal. This wonderful play, which came in the third quarter, had been preceded in the first quarter by another touchdown by Casey, who received a forward pass and dashed 37 yards to the goal.

DARTMOUTH WON FROM GEORGIA U.

GRANT FIELD, Atlanta, Ga., Nov. 27.—Dartmouth's football team defeated Georgia university 7 to 0 here today. The Green team from New Hampshire outplayed the Georgia bulldogs on the offensive, gaining far more ground but the only score was made on a long forward pass, one of which was successful, after a score was tried.

JONES SAYS DEVINE GREATEST HE EVER SAW

IOWA CITY, Ia., Nov. 27.—Howard Jones, coach of the University of Iowa football team, says Captain Aubrey Devine, the Hawkeye quarterback, is "the greatest all-around backfield man" he has ever coached or "ever seen in recent years."

Jones, who coached Yale's championship eleven in 1913, had Coy and Philbin, two all-American backfield selections in his machine of that year, while in his own days as a gridiron star, he played on the same Yale team with his brother, "Ted," an all-American quarterback.

"Others have been as great in open field running, there may have been better punters and there may have been his equal in drop kicking, but I have never known of any backfield man, whose accomplishments in running, punting, drop kicking and forward passing combined, equal those of Aubrey Devine," said Jones. "I don't believe there has been a more accurate forward passer than Devine."

"He is also a leader and field general of the best type."

PENN STATE WILL MEET WASHINGTON

Eastern Team Has Edge on Opponents on Past Performances—Game to Be Played Next Saturday

SEATTLE, Wash., Nov. 27.—University of Washington's football team meets an almost traditional rival in the stadium here December 3, when Coach Hugo Bezdek brings his Pennsylvania State eleven to meet the Sun Dodgers in the second intercollegiate gridiron struggle played in Seattle.

One the basis of early season results, Penn State will be the stronger when the two teams begin play December 3. But one team had been able to score on Bezdek's crew this fall until the Nittany Lions met Harvard, October 22. Bezdek's men had the edge on the Cambridge eleven until the closing minutes of the contest, when the Crimson put over the tying touchdown of a 21-21 score. October 29, in its first intercollegiate game, Penn State defeated the strong Georgia Tech eleven, 28 to 7. The records of the team this season include victories over Lebanon Valley, 53-0; Gettysburg, 24-0; North Carolina, 35-0 and Lehigh, 28-7.

Coach Bagshaw took over the direction of a green squad when he came to Washington this year. Comparatively easy victories were scored over the Ninth Army corps team, 24-7; Whitman college, 7-0; and the University of Montana, 28-7. Then the Oregon Agricultural college defeated Bagshaw's eleven, 24-0. Every effort of the Washington team has been bent toward defeat of Penn State, and Purple and Gold supporters are confident their eleven will make its best showing of the season, December 3.

On Nov. 5, Washington upset predictions by holding the strong Stanford eleven to a scoreless tie.

OFFER BO M'MILLAN PRINCELY SALARY

DALLAS, Texas, Nov. 26.—"Bo" McMillin, quarterback of the famous Centre college eleven will coach the Dallas University football team next year if what is said to be the most attractive offer ever made a youthful gridiron star is accepted.

McMillin has been offered \$7,000, according to officials of the University.

McMillin has not been heard from, but the university authorities are expecting a favorable reply.

"Bo" Starts For Texas

Columbus, Ohio, Nov. 26.—"Bo" McMillin, famous Centre college quarterback, who played in a charity football game here today, left late tonight for Texas.

Joe Murphy, a local boy, also a member of the Centre college football team stated that McMillin had discussed with him the offer of Dallas University to coach its football team next year, and that he believed McMillin had gone to Dallas to talk over the proposition with university officials there.

Murphy also stated that McMillin had told him that he had been offered \$1,000 to play one professional game, but his reply was "I would rather play for charity."

LANE TECH IS HELD TO SCORELESS TIE

CHICAGO, Nov. 26.—Scott High School of Toledo defeated Lane Technical School to a scoreless tie here this afternoon in an intercollegiate football clash. The visitors outplayed the technical boys thruout the game having the ball in Lane's territory most of the time.

A muddy field slowed down the playing of 600 teams and fumbles were frequent. The game developed largely into a punting duel with neither team gaining much ground.

CORNELL DEFEATED PENNSYLVANIA

PHILADELPHIA, Nov. 27.—Cornell defeated the University of Pennsylvania in an intercollegiate game here today by a score of 4 to 1.

DES MOINES UNIVERSITY DEFEAT HASKELL INDIANS

KANSAS CITY, Nov. 26.—In a slow game, Des Moines university, defeated the Haskell Indians here today, 24 to 7.

The Iowa boys had a style of line plunging that seemed to demoralize the Indians from Lawrence, Kans. Most of their gains were made in this manner. The broken field running and tackling of Anderson, Haskell half-back, was a feature of the game.

CULLY PICKED BY YOUNG AS FULLBACK

Places Illinois Captain on All-Conference team—Other Selections Given

BLOOMINGTON, Ill., Nov. 27.—Fred H. Young, who has officiated as referee or umpire in more than twenty football games in the Big Ten and I. A. A. C. this season, today made the following selections of all-western and all-conference football teams.

Western Conference Selections
Crisler, Chicago and Myers, Ohio State, ends.
Slater, Iowa and McGuire, Chicago, tackles.
Dunne, Michigan and Pixley, Ohio state, guards.
Vick, Michigan, center.
A. Devine, Iowa, quarterback.
Williams and Elliott, Wisconsin, halfbacks.
Locke, Iowa, fullback.

All-Illinois Conference Selections
Gottschalk, Illinois Wesleyan and Swanson, Lombard, ends.
Ward, Millikin and Thompson, Lombard, tackles.
Jones and Beach, Eureka, guards.
Lynch, St. Viators, center.
Lamb, Lombard, quarterback.
Zinser, Illinois Wesleyan and McCarthy, St. Viators, half backs.
Cully, Illinois college, fullback.

DENVER MEN LEAD IN BOWLING DOUBLES

DES MOINES, Iowa, Nov. 26.—E. Waite and G. Wolf of Denver, went into the lead in the doubles event in the Mid-West Bowling tournament here this afternoon by shooting a score of 1270. The score lacks fourteen pins of equalling the association's record in that event.

W. Banks of Lincoln, Nebraska, shot a score of 610 in the singles which led the field in today's shooting but which barely puts him into the money.

NAVY NOW LEADS ARMY BY ONE GAME

ANNAPOLIS, Md., Nov. 27.—The Navy's triumph over the Army, 7 to 0, in the annual football struggle today, was received with wild enthusiasm among local fans who stayed at home largely because they were unable to get coveted admission cards. The result puts the Navy one game in the lead, the Middles' victory last year having made the series even at eleven each and one game resulted in a tie.

The Middles will suffer the heaviest losses in year by graduation next June, as six members of the team belong to the first class.

IRRIGATION MEN TO MEET AT SALT LAKE

Salt Lake City, Utah, Nov. 26.—Leaders of Irrigation and reclamation work in the west will gather here next Tuesday and Wednesday for the meeting of the Western states reclamation association. A tentative program has been prepared by Frank W. Brown of Boise, Idaho, and sent to Governor Charles Marmley.

Governors of several western states are expected to attend as well as reclamation experts from these same states. States to be represented include Utah, Oregon, Wyoming, Montana, Washington, California, Nevada, Arizona, New Mexico, Colorado and Nebraska.

SCHEDULES WILL BE FRAMED BY BIG TEN

Coaches Will Meet in Chicago Next Saturday—Zuppke Will Stick to Plan of Playing But Five Conference Games

CHICAGO, Nov. 27.—Comes now the business of drafting the football schedules for the 1922 season.

Coaches of the western conference will meet here next Saturday to map out the gridiron programs for next year and because of the spectacular windup of the 1921 race, gridiron followers are indulging in a lot of speculation regarding the schedules of Ohio state and Iowa, who fought out this year's championship.

The eastern invasion of Chicago, which resulted in a 9 to 0 triumph over Princeton, has started a movement for west vs. east games next season. Chicago already has arranged to play Princeton in a return game here early in October, and Iowa, the 1921 conference champions, according to advance indications, probably will arrange a game with Yale to be played in the east. Illinois is negotiating with a representative southern eleven for a game to be played in Memphis, while Michigan is considering a game with Vanderbilt for the second week in October.

What the Iowa schedule will be next fall there is no way of determining. Howard Jones, the coach of the triumphant Hawkeyes, and Jack Wilce, coach of the Ohio eleven, may decide to arrange a game for next year in view of the fact that these teams did not meet this year.

Followers of the championship Hawkeyes are planning a wonderful schedule for Iowa, but Coach Jones is laughing up his sleeve at the proposals.

"It seems to be the general attitude that Iowa must at once assume a position of dictator in the Big Ten," Coach Jones said. "Perhaps everyone does not carry it quite that far, but on every hand there seems to be a great misunderstanding of conditions in the Big Ten and of the methods employed in working out schedules. It would be most unfortunate if some of the old conference rivalries would be interfered with. Such rivalries as those between Ohio and Illinois, Minnesota and Wisconsin, and Indiana and Purdue cannot be broken just because Iowa had a successful team. Just now Iowa takes particular interest in the games with Minnesota and Illinois and we are anxious to continue playing those teams."

May Play Yale

"We probably will have a game with Yale next year, largely because Chicago substituted Princeton for Iowa on its schedule for 1921. However, there is no quarrel between Chicago and Iowa. Iowa would prefer to play teams in the Big Ten rather than go east, but it is not always possible to agree all around."

Although Ohio State's schedule is still very much in an embryo state it is almost certain to include Ohio Wesleyan, Minnesota, Michigan, Illinois, and Chicago. Ohio Wesleyan and Oberlin are the two oldest foes in Ohio State's football history and it is doubtful if they will disappear from the Buckeye schedule.

COACH WILCE IS ANXIOUS TO PLAY OBERLIN NEXT FALL BECAUSE OF THE UNSET GIVEN THE BUCKEYES AT THE START OF LAST SEASON

Ohio has made overtures for a game with California the latter part of October, to be played in Ohio's new \$1,300,000 stadium, which will seat 63,000 persons, but the negotiations have not reached the stage of certainty. The Ohio eleven is booked to appear at Illinois and Minnesota next fall, while the Michigan and Chicago games probably will be scheduled for the Ohio State stadium.

L. W. St. John, director of athletics at Ohio, believes it is better for Ohio state to confine itself to competition within the western conference, aside from the usual preliminary games, rather than to play a team in the east.

Coach Zuppke, at Illinois, is expected to continue his curtailed schedule of but five conference games. The Illinois men formerly played a hard six-game schedule, but this year broke the long grind by a game with De Pauw between the Michigan and Chicago contests. There is still talk in Urbana of a game with Harvard, but George Huff, director of athletics, has steadfastly refused to play a team in the east unless that team would agree to a return game on Illinois field the following year. Illinois will play Chicago here next season and will also play several other regulars on their home grounds, including Wisconsin at Madison and Michigan at Ann Arbor. Iowa and Ohio State will probably play at Urbana to round out the quintet of the games.

The schedules of all conference teams will be limited to seven games, as in the past. This program usually includes two practice games with smaller colleges.

SOUTHERN CALIFORNIA DEFEATS OREGON AGGIES

Pasadena, Cal., Nov. 26.—The University of Southern California football team defeated Oregon Agricultural College here today seven to nothing. The only score was made in the third period when the Southern California team smashed their way over, Green carrying the ball on a double pass. Evans kicked the goal.

MUNICIPAL PLANT SHOWS GOOD PROFIT

Commissioner Spaulding's Reports Will Show Net Income of \$80,000—Plant Resulted from Fight With Private Lighting Company.

Springfield, Ill., Nov. 26.—(By The Associated Press.)—Springfield's municipal electric plant will show \$80,000 net income over operating expenses this year City Commissioner Willis J.

Spaulding reports. Last year its net income was \$50,153.

The fight for municipal ownership of electric light and power here has been a long one and it is not finished yet. Its history furnishes a unique chapter in the annals of American municipalities.

Led by Commissioner Spaulding the forces behind public ownership are striving to drive a long established private company from the electric light and power business. Mr. Spaulding says the city plant is gaining with rapid strides.

Despite his claim the company, under threat of throwing two-thirds of the city into darkness, recently obtained a new 20-year franchise from the city council thru popular vote.

The company operates the street railways, gas, electric and steam heating services. The city so far has confined its competition to electricity. It supplies, according to Commissioner Spaulding, about one third of the city's consumers.

Competition by the municipal plant has cut electricity rates far below most cities, Commissioner Spaulding says. The rates are six cents for the first 30 K. W. H. There is little difference in the city and company rates since the company reduced last month.

The company is one of a group operating in 60 or more cities. Its rates in Springfield are about one-half the rates charged in other cities where the cost of production is approximately the same, according to Mr. Spaulding.

The municipal electric plant is operated in connection with the city water works.

Water Works Built in 1891. Municipal ownership in Springfield dates back to 1894 when the city operated the water works only. A corporation was formed to build an electric plant with public ownership in view. The plant was to be turned over to the city when it paid for itself. This it did in a few years, according to reports. In the meantime the company had branched out into commercial business in addition to lighting the city streets.

When the plant was transferred to the city that part of it devoted to supply of commercial electricity was leased to the company for a term of five years.

The lease expired in 1905 and for a year the city had its first real fight over municipal ownership. Both the city and the company claimed the other was indebted to it under the terms of the lease. In 1906 the city won the plant when it took possession thru its police.

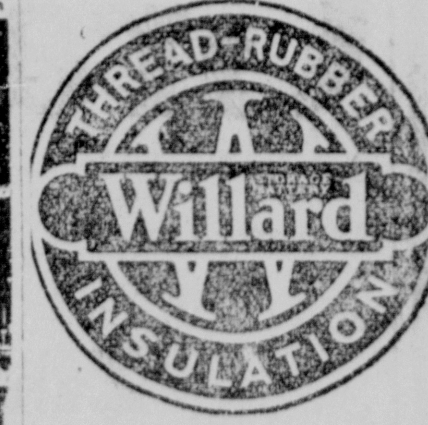

In 1913 the city took steps to enter the commercial field with its electric service and since then public ownership has been an issue in practically every local campaign. William J. Spaulding rode into office on it and has been at the front ever since in the city hall battles with the Springfield Gas and Electric Co., which had entered the field in the meantime. The city became a competitor of the company in 1915.

The company's electric franchise expired last March and the city council refused to renew it. A temporary truce was called and a board of arbitration was appointed to appraise the company's property with the view to purchase by the city. The majority report of the board fixed the valuation at \$2,108,212. The minority report, submitted by Commissioner Spaulding's arbitrator, valued the plant at only \$1,000,000.

The question went to a vote of the people. Commissioner Spaulding opposed the purchase at the valuation fixed by the majority report and as an alternative recommended a \$400,000 bond issue to enlarge the city plant. Spaulding's program carried by an overwhelming majority.

With the threatened shutdown of the company's plant Springfield became alarmed over the impending darkness. Thru the efforts of the commercial association an ordinance granting a new 20-year franchise was passed by the city council to become effective upon a favorable referendum.

Citizens voted overwhelmingly in favor of the franchise, leaving the situation, after months of negotiations, bitter controversies and special elections, about the same as it had been before giving both the city and the company firmer grips with which to continue the battle. The city plant has gained patronage. The company had a new franchise.

SUSPECTED AUTO THIEF IS JAILER

Minneapolis, Minn., Nov. 26.—While officers searched for Meritt Smith, alleged to have stolen an automobile in St. Louis, Mo., several months ago, Smith was working as a deputy jailer in the Hennepin county jail here, it became known tonight. Smith will have a hearing next week before a United States commissioner on a charge of transporting a stolen automobile in violation of interstate commerce. It is alleged that he and another man drove the car to Minneapolis where Smith obtained the position of jailer. Information furnished by St. Louis police led to his arrest last Tuesday by a federal officer.

News of the arrest was withheld pending search for the other man who has not been located.

DEATHS

Mollenbrok

Brief mention was made yesterday of the death of Mrs. F. W. Mollenbrok, which occurred at an early hour Saturday morning at the family home on West Lafayette avenue.

For more than a year Mrs. Mollenbrok had been in failing health but it was not until ten days ago that her condition became more alarming. Even then there was a period of improvement and Friday noon she was able to be with the family at the dinner table. Late in the afternoon, however, she suffered a paralytic stroke which involved her heart and the end came with a suddenness which shocked relatives and friends.

Mrs. Mollenbrok's maiden name was Miss Barbara Becker and she was born in this city, June 8, 1858. All of her life was spent here and in May, 1881 she was united in marriage with Frederick W. Mollenbrok. Nearly all of their happy married life was spent in the West Lafayette avenue home and as the years passed, Mr. and Mrs. Mollenbrok had the satisfaction of seeing their children reach maturity and become useful members of society.

It was as a home maker that Mrs. Mollenbrok excelled and her children found her through the years an unfailing friend, while those less intimately associated with her came to know her as a woman of high ideals and great personal worth.

A devout member of the Church of Our Savior, she lived true to the teachings of the church. Earnest and consecrated the deceased had no higher thought than to serve and her greatest happiness was in the happiness of others. A life men-

ured by such a standard meets the highest test.

Mrs. Mollenbrok is survived by her husband, and four children; Mrs. John Gray, of this city; Fred J., of Detroit; Albert, of this city and Miss Lena Mollenbrok, at home. There are also two brothers, Rev. P. J. Becker, of Fayetteville, Ill., and Anthony W. Becker, of this city.

It is the expectation that the funeral will be held Tuesday morning at 8:30 o'clock at the Church of Our Savior and by Rev. P. J. Becker can come to the city, he will have charge of the service.

WHERE THE MONEY GOES

A gentleman who has had experience gave a Journal reporter some facts regarding the cost of getting stock ready for the market. A man in Idaho shipped 315 lambs to Chicago whence they were shipped to this vicinity, fed seventy days and shipped back to Chicago. The man who raised the lambs received \$10.50; the man who fed 70 days received \$223.99, while freight, yardage and commissions cost \$515.

LIEUTENANT KEATING VISITING RELATIVES

R. Emmet Keating, lieutenant senior grade, in the United States navy, is visiting friends and relatives in the city for a day. Lieutenant Keating is on the U. S. S. Pennsylvania and is stationed at Los Angeles, Cal. On returning to the fleet, Lieutenant Keating will make a trip to the Panama canal where the winter maneuvers will be held.

NEUHOFF HEADS

QUINCY, Ill., Nov. 27.—Arthur Neuhoof, Nashville, Tenn., was elected as captain of the 1922 football team of Quincy college at the banquet given the team here tonight. Eleven members of the squad were awarded letters by "Fighting Bob" Harmon, coach of the team.

TELEPHONE DISTRICTS CREATED BY DIRECTORS

Illinois Company Names Two Managers to Assist General Manager Holliday—A. L. Taylor and W. E. Hamilton Will Fill New Posts.

Announcement has recently been made of the plan of the directors of the Illinois Telephone Co. to divide the system into two districts and to place each district in charge of a manager. In fact the appointments have already been made and A. L. Taylor will have supervision of one district and W. E. Hamilton will be in charge of the other.

Mr. Taylor's territory includes Morgan and Scott counties and therefore takes in the exchanges of Jacksonville, Liberty, Alexander, Bluffs, Woodson, Murrayville and Manchester. In accordance with this plan, Mr. Taylor will also serve as local manager for the Jacksonville exchange.

In Mr. Hamilton's district are the exchanges of Roodhouse, White Hall, Carrollton, Greenfield, Wrights, Hillview and Patterson, and his duties include the management of the Carrollton exchange. O. S. Morse of Springfield was recently employed to outline working plans for Jacksonville in the same way that he has done at Roodhouse, White Hall and Carrollton. Mr. Morse will also assist and supervise the cut-offs in the four exchanges.

The action in dividing the company's business into two districts was taken in order to lighten the load of duties of General Manager W. W. Holliday, who has for a period of years acted as local manager of the company's business.

Mr. Holliday will retain his position as president and general manager and the newly appointed officers will report to him. Mr. Taylor is a man of wide and successful experience and will no doubt be of value to the company in its efforts to give satisfactory telephone service in the two counties of Morgan and Scott. Mr. Hamilton is also an efficient telephone man and his services will be of value.

MATRIMONIAL

Osterloh-Richardson.

Mrs. J. V. Richardson of Point neighborhood and Fred H. Osterloh of Alexander were quietly married in Hannibal, Mo., on Nov. 12. Both persons are well known and highly respected citizens of our rural communities and have a host of friends and relatives that will wish them much happiness.

Mrs. Osterloh, who was formerly Miss Alice M. Wilson, and Mr. Osterloh wanted to keep the marriage a secret as long as possible so the news comes as a complete surprise.

Durham McLaughlin.

W. T. Durham and Miss Helen L. McLaughlin, both of Winchester, were married Saturday morning by Rev. C. D. Robertson, pastor of Centenary church. The bride and groom were accompanied by Russell Redshaw and Miss Jessie McLaughlin, both of Scott county. They are to live in Winchester, where they are well and favorably known.

STANLEY WRIGHT ENTERTAINS PUPILS

Stanley Wright, the manager of the Grand theater, stood treat to all the pupils of the School for the Deaf, Saturday afternoon for "Way Down East." To say that they enjoyed it would be putting it mildly. Col. O. C. Smith, the head of the school, wishes to take this method of thanking Mr. Wright for his most thoughtful generosity.

Bevo Johns and son, Harry, and daughter, Margaret, and Miss Mamie Pinkerton, of Palmyra, spent the day in the city, yesterday.

CLUBS AND SOCIETY

The following ladies will be the hostesses: Mrs. George Fuhr, Mrs. William Kastrup, Mrs. Harry Hart, Mrs. C. O. Bayha, Miss Clara Ranson and Miss Myrtle Larimore.

The Catholic Ladies' Aid will meet at 2:30 o'clock Wednesday, Nov. 30, with Mrs. Thomas Duffner, 1201 South Clay avenue. A full attendance is requested.

Mr. and Mrs. Goucher Gave Family Dinner

Mr. and Mrs. H. N. Goucher were hosts at a family dinner party, Thursday noon, at their home, 119 East Morton avenue. A delicious goose dinner was served to about a dozen persons. Those present were Mr. and Mrs. Edward Gallagher of Woodson, Mrs. Goucher's parents, Mr. and Mrs. G. W. Goucher of White Hall, Mrs. Elizabeth Jackson and her granddaughters, Misses Margaret Abbott and Dorothy Jackson and Mr. and Mrs. D. R. Bishop.

The Misses Boddy Gave Party Friday Night

The Misses Phoebe and Grace Boddy gave a party at their home west of the city Friday evening. The guests were the intimate friends of the hostesses. The evening was spent with games and dancing and later refreshments were served.

Miss Marie Steinmetz Gave Rush for Newlyweds

Miss Marie Steinmetz gave a rush Friday evening at her home in Woodson in honor of Mr. and Mrs. Wendell Dugger of Scottville, who were married recently. Each guest of the thirty-six brought a hen or some canned fruit, making a large number of presents. Some of the guests invited from different parts of the county could not get there. Those present from outside Woodson included, Mr. and Mrs. Henry Suiter of New Berlin; Misses Margaret and Helen Strandberg, Martin Loneragan, Lee Stamps and Lee Davidson, all of Jacksonville and Clarence Koenig from St. Louis, Mo., who is visiting the Strandbergs.

Lambda Mu Society Gave Annual Banquet

The annual Thanksgiving banquet of Lambda Mu society of Illinois Woman's College was held Saturday night in the banquet hall of Peacock Inn. Many of the society alumnae were back for this event.

Miss Estelle Covey played a violin solo, Miss Mildred Mayer sang a vocal solo, with a violin obligato, and Miss Dorothy Remling gave a reading following the serving of the dinner. No formal toast program had been planned but several of the old members made short talks.

Yellow and white were the colors used in the flowers and place cards. A big white ship in the center of the long table made an effective touch to the decorations. Covers were laid for thirty-six guests.

The old Lambdas who were back were Misses Ruth Gillespie, Anna Ward, Mary Bishop, Mabel McLoughlin, Mabel Osborne and Lois Broadstone. Miss Dorothy Styles, Miss Thompson and Miss Viola Pettinger were guests of the society also.

Gave Company For Relatives.

Mr. and Mrs. Charles E. Clark very pleasantly entertained a company of relatives and friends at a Thanksgiving dinner given at their home in Arcadia. The guests included: Mrs. Mary Rudisill, Mr. and Mrs. H. H. Rudisill and daughters, Evelyn, and Hil-dreth, Mr. and Mrs. Clyde Rudisill and daughter, Ellen Virginia; Mr. and Mrs. Roscoe Goodpasture and son, Charles; Mr. and Mrs. Levi Deatherage and daughters; Ellen and Ruth; Floy Bernice Clark, J. J. Clark, Mrs. George T. Hamilton of Jacksonville, and Mrs. Guy Crutchefield and daughter, Isabel of Peoria.

Phi Nu Society Held Fall Banquet.

The Phi Nu society of the Illinois Woman's College had the regular fall banquet last night at the Colonial Inn. Thirty-seven guests attended. Roses and artistic place cards were the only decorations.

Miss Josephine Craig was the toastmistress, and called on the following for toasts: Miss Betty Meyers, Miss Mary Vant, and Miss Hazel Logan. Miss Verna Mer-shon is the president of the society.

The special guests for the evening were: Dr. J. R. Harker, Mr. and Mrs. A. C. Metcalf, Mrs. Lambert, Mrs. W. G. Goebel, Mrs. A. B. Applebee, Mrs. M. C. Hook, Mrs. Roff Hinderliper, Miss Austin and Misses Dorothy Kennedy, Hazel Logan, Margaret McCray, Lucille Kirby, Mildred Owens, Edna Backers, Louise Pletcher and Ogla Swerman.

PROMINENT RESIDENT OF WINCHESTER DIES

Mrs. D. D. Watt Called by Death Saturday Morning—Funeral at 2 O'clock Monday Afternoon—Other Winchester News.

Winchester, Nov. 25.—Mrs. D. D. Watt passed away Saturday morning at 3:30 o'clock at her home on North Main street. News of her death comes as a shock to the community, for although many knew of her illness they did not realize that her life was so soon to come to a close.

The maiden name of the deceased was May Gibbs and she was a daughter of the late Mr. and Mrs. William Gibbs. She was born and reared in Winchester and graduated from the high school here. The deceased was united in marriage to David D. Watt of the well known D. D. Watt Dry Goods store of Winchester. They were the parents of six children: William Watt, Mrs. Thomas Dugan, both of Winchester; Margaret Watt of St. Louis, David Watt of South Dakota, Thomas Watt and Allen Watt at home.

The deceased is survived by her husband and children, a sister, Mrs. Thomas Divine of Denver, Colo., and a brother, W. D. Gibbs of Winchester. There are also many other relatives.

Mrs. Watt was a woman of fine character, loved by all who knew her, and will be greatly missed in the home, the church and the community. Mrs. Watt was a member of the Baptist church and of the Aid society, president of the Woman's club, a member for the Eastern Star and prominent in both the church and social life of the community.

The funeral will be held at 2 o'clock Monday afternoon from the Baptist church.

News Notes

Mrs. Thomas Divine arrived Saturday night from Denver, Col., called by the death of her sister.

Frank Sherrer and daughter, Evelyn left Saturday for a short stay in Beardstown.

A surprise party was given Friday evening at the country home of Miss Ruby Bailey. A fine time was enjoyed by all present and during the evening refreshments of a suitable kind were served.

Miss Gish and family returned home Saturday from Peoria where they spent the Thanksgiving holidays.

Mr. and Mrs. T. A. Parker of Naylor, Mo., arrived Saturday to visit at the home of Mr. and Mrs. Dave Ring. Mrs. Parker before her marriage was Miss Callie Moses. Mr. and Mrs. Parker have been living in Naylor but are moving to Pekin, Ill.

Miss Kathleen Oehler returned Saturday from a visit in Springfield.

Mrs. Albert Coultas of Concord and guest, Miss Etta Strawn of Carthage, arrived Saturday for a short visit at the home of Joseph Dodson and family.

Mrs. Fred Woodall and children have returned from an extended visit with relatives in Kansas City.

CLUB NOTES

The Chaminade Musical club will meet Monday afternoon at the home of Miss Jean Paterson, 505 South Prairie street, at 2:30 o'clock. A fine program from the works of Russian composers will be given.

The Jacksonville Delphian Society will hold its regular monthly meeting at the Public Library Monday afternoon at 2:30. The College Hill club will be entertained by Miss McLoughlin at the home of Mrs. H. W. English Monday afternoon.

The regular monthly meeting of the Rev. James Caldwell chapter, D. A. R., will be held at three o'clock Tuesday afternoon. The meeting of the Alexander Woman's club has been postponed until Dec. 7. Will meet with O. E. Ryan.

The directors of the Social Service league will meet at the League rooms on West Morgan street next Tuesday evening at 7:30 o'clock.

In honor of Mrs. Reid's uncle and cousin, H. L. Campbell and daughter, Mrs. Etta Campbell Lally of Iowa City, Iowa, it was a very pleasant social occasion.

Mr. Campbell, who is now somewhat advanced in years, remembers Jacksonville as quite a small town, and he is interested at this time in noting some of the signs of improvement and development. He expressed himself as very favorably impressed with the city as it is today. The visitor is on his way to Florida to spend the winter months.

Mr. and Mrs. Megginson Are Given Surprise

About sixty friends and neighbors showed their esteem for Mr. and Mrs. George Megginson of Woodson last evening when they went to the Megginson home, completely surprising them, and spent a delightful social time. During the evening delicious refreshments were served.

Mr. and Mrs. Megginson are soon to change their residence from Woodson to a farm west of Jacksonville, which Mr. Megginson recently purchased.

TRINITY GUILD TO PRESENT ARTISTS

Mrs. Blanch Sherman Merriman of Chicago, Pianist, and Mrs. James Clay Elliott, Interpretive Dancer, Will Give Program.

The Guild of Trinity church will present an artistic program to be given by Mrs. Blanch Sherman Merriman of Chicago and her sister, Mrs. James Clay Elliott, of Jacksonville, at Music hall, Woman's college, on Thursday, Dec. 13th.

The Guild members feel peculiarly fortunate in securing Mrs. Merriman who is a brilliant pianist of peculiar charm in informal recitals. She has studied under Moritz Rosenthal and Theodore Leschetitzky and has been a soloist with the Thomas and Pittsburgh orchestras. She comes highly recommended from many of our best musical centers. The following testimonials are illuminating: From Theodore Thomas: "She has the temperament, the poetic sentiment, the intellectual insight into the inner language of music that gives her play soul and youth." From the Minneapolis Tribune: "Apart from her work as an artist, she has a fascinating personality, and before she touched the keyboard she had won her audience."

Mrs. James Clay Elliott, as interpreter,

pretive dancer, expresses her musical genius in her own way. Her interpretations are quite out of the usual, being a natural expression of rhythm, grace and poetry of motion. In presenting the sisters in this unique entertainment, it is felt that a great pleasure is promised the people of Jacksonville.

A CALLER FROM SAN FRANCISCO

Michael Rabbitt of San Francisco is visiting relatives and friends in the city. He is a son of the late Michael Rabbitt so well known to many, and a brother of Peter Rabbitt, at one time chief of police in the city. Mr. Rabbitt has not been here for 34 years and naturally sees many changes yet still there are a good many to greet him.

RECEIVE WORD OF SISTER'S DEATH

Mrs. Robert Wakely, of 255 Caldwell street, received word several days ago of the death of her sister, Mrs. W. O. Eades, of Yates City, Kans. Mrs. Eades died suddenly after a brief attack of pneumonia. She formerly lived in Jacksonville and graduated from Illinois Woman's college. Her name before her marriage was Miss Asenith Elliott. Mr. Eades, her husband, is very seriously ill at present, in Yates City.

NEW CONSTITUTION IS TO BE SUBMITTED

Rotary Clubs Will Vote on Report Prepared by an International Committee.

Arming more than a score of ratifiers for greater service to themselves and to the individual communities among them as well as to the world at large is the way the members of the constitutional convention committee of Rotary International call the work they concluded at the Chicago Beach Hotel, when they agreed on a draft for a new constitution and set of bylaws for their organization.

For one solid week, working night and day, representatives of every Rotary district in the United States and of England, Ireland, Scotland, Canada and Cuba toiled over the various aspects of the "whereas-es" and "it is ordained-s" that go into every well regulated constitution. And at the conclusion of the work in staid suits and with the beaded brows and ruffled locks of the honest worker they declared they had fought a good fight and had turned out what they believe will be a real constitution and a real set of bylaws that will serve the international movement of service for many years to come.

The constitution and bylaws they have evolved after the week of toil will be submitted to the individual Rotary clubs of the world for comment and advice and then will go before the annual international convention of the organization which is to be held this year in Los Angeles.

The meeting of the committee was an international gathering in every sense of the word. The Rotary clubs of Great Britain sent three representatives to this country to attend the gathering and the clubs of Cuba sent one. From all sections of Canada and the United States the other delegates came. Meeting at the same time were the international board of directors of Rotary and the international committees on redistricting the United States and Canada and extension to foreign countries. The advisory board of the Canadian clubs also met at the same time place.

Mr. and Mrs. Fred H. Dohi have returned to their home in Peoria, after spending Thanksgiving with Mr. Dohi's parents, Mr. and Mrs. C. W. Dohi, 344 East Morton avenue.

Miss Laura Walter of Jacksonville is spending the week end with her cousins, Miss Phoebe and Grace Boddy.

With Morgan County Poets

The following poem was first published in the Northwestern Christian Advocate, issue of July 20, 1921. The writer is a resident of Waverly, Ill.

THE TURKEY'S NEST

Ma said to us one fine spring day,
"I wish I knew where my turkeys lay;
Go watch where they go—look east and west,
But find if you can, where they've hid their nest."
So we kept an eye on each sly old turk,
And I tell you now, 'twas particular work.
One strolled north towards the stacks of hay,
The other went south—and got away.
The one that went to the haystack nigh,
Came out again, her head held high,
And she walked with a careful mincing tread
And with look alert, around, o'er head,
That seemed to tell us, "Beware, beware,
For where I go you must not fare."
She crossed the barn lot—the orchard, too;
And the meadow lot where the creek runs through;
Skulking covertly along the fence,
So very carefully, hither and thence,
Old Bronze kept on us a watchful eye
Lest to find her nest we'd seek to try.
By and by she was lost in the edge of the wood
A hundred yards from where we stood,
And we hastened to see just where she went,
On such an important errand bent.
But hunt as we did, no trace was found
Though we looked in thickets—along the ground,
Behind big logs(in hollow trees,
(We tore our frocks and scratched our knees)
Then down we sat a while to rest,
Wondering where could be that nest.
But soon before our startled eyes,
We saw the big bronze turkey rise
From a pile of leaves not far away,
And she slipped along in a quiet way.
We waited—then went to her hiding place
And scratched around to find some trace
Of the turkey's nest; 'neath a scraggly clump
Of weeds, beside an old dry stump,
We found it. A dozen freckled eggs
Were pay enough for our scratched up legs;
But we left two there—took the other ten
To set beneath a Buff Rock hen;
And planned to hunt next day, with zest
For the other turkey's hidden nest.

For the evening: "In Thee I Put My Trust," by Protego; "O Loving Father," by Del Riego, sung by Mrs. Stella Mahon.

Centenary Methodist church—C. D. Robertson, pastor. A church is no place in which anyone need be frightened. There is nothing about a church to scare anyone. No one was ever hurt by going to church, so there is no need of being afraid. There is no danger of disease because no one ever goes to church who feels the least bit ill. There is no danger of accident, for everything is quiet enough to prevent a collapse of the building and, as a general thing, the crowd is not dense enough to make a panic very dangerous. Yet some act as if afraid. There is a man in the Bible who got scared. The pastor will speak of him at the evening service. The other services are: Sunday school at 9:30. A. C. Metcalf, superintendent. Morning worship at 10:45. Subject of sermon: "The Approach of God." Epworth league devotions at 6:30. Leader, Miss Florence Bentley. **DIAMONDS**

What's Behind
the Price?

This is an important fact for every one who buys diamonds to make certain about. Few people can judge the quality of diamonds with certainty. They must depend largely upon the reputation of the firm from whom the gem is purchased.

Here, the exact quality of every diamond sold is guaranteed. In other words, the Russell & Thompson guarantee, behind the price you pay, gives you the best and surest assurance of quality.

Here one does not have to pay a big price in order to obtain a stone of satisfactory size and quality. We have them in varying sizes, and our experience in setting enables us to give any stone the appearance of much greater weight and size. Let us show you our mounted and loose diamonds.

**BROOKLYN CHURCH
PLANS RALLY NIGHT**

Methodist Congregation to Conduct Campaign for Building Funds—Everybody Invited to the Rally December 1.

Relative to beginning a campaign for funds with which to bear expense of extensive building improvements, Brooklyn Methodist church is arranging for a big community rally to be held Thursday evening, Dec. 1, starting at 7:30 o'clock.

This gathering is not for Methodists alone. It is for all persons living in the community of Brooklyn church and there are no boundary limits. The general public is invited to attend.

There will be a good program of entertainment and refreshments will be provided. Everyone is promised a good time.

Brooklyn church is now making interior improvements, and in the spring a fine new addition will be

built which will provide a community center. This will be used by boys' and girls' clubs, and by the older people also. This proposed building will be a great asset to the community.

The congregation intends to conduct a campaign for funds, details of which are yet to be worked out.

**ILLINOIS COLLEGE
NOTES**

Classes at Illinois college were resumed Friday morning following Thanksgiving Day. The students are usually allowed both Thursday and Friday as a Thanksgiving recess, but this year the faculty granted the students a Spring recess at Easter time to take the place of the Thanksgiving holiday.

At the chapel exercises Friday morning Coach Harmon talked to the students about the cancelled game with Millikin university. At the same exercises Dr. Rammelkamp asked Ray Bracewell, '15, a visitor at the chapel exercises, to address the students. Mr. Bracewell gave a very interesting talk to the students regarding the need of the public schools for more teachers of good, strong personalities. Mr. Bracewell, who is principal of the Burlington, Iowa, high school, is visiting his parents on Webster avenue.

President Rammelkamp returned to the campus on Tuesday after an extended trip to the east in the interest of the college. He visited New York, Philadelphia and Washington, and also spent a few days in Chicago. While in the east he visited his mother, who resides in South Orange, New Jersey, and also Professor Edward Capps at Princeton, New Jersey.

The Thanksgiving meeting of the College Y. W. C. A. was held last Monday afternoon in the college chapel. The girls had planned a very enjoyable program. Miss Josephine Conboy gave a very pleasing vocal solo. Ruby Mann, chairman of the social service committee, with the help of the Y. W. girls, filled six big baskets and delivered them Wednesday to needy families in the city.

Professor Edward Capps, '87, of Princeton, New Jersey, delivered an address to the American Archeological Institute at Washington, D. C., last Saturday. The meeting was held at the home of Robert Lansing, ex-secretary of state.

Advanced students of the Department of Expression, under the able direction of Mrs. Perry C. Thompson, will give a recital Thursday evening, Dec. 1st, at Academy hall. The program promises to be one of unusual interest. Scenes will be given from the plays of Henry Arthur Jones, Booth Tarkington, Constance Mackay and Louis N. Parker. The public is cordially invited.

Laura Jones of Springfield, who attended Illinois college last year, was a visitor on the campus Tuesday. Miss Jones is studying piano in Chicago this year with Madam Zeisler's assistant.

Mrs. Jeannette L. Ogden, head of Academy hall, entertained a few faculty friends at dinner Thanksgiving day.

Edward Capps, Jr., ex-'22, was a member of the Princeton university chess team which recently won a match from the Yale chess team. Capps is also playing in the Princeton University orchestra.

Franklin Scott, 'ex-'22, who is teaching at Piper City, Ill., this year, is spending the Thanksgiving holiday with his parents, Dean and Mrs. Scott.

Among other alumni who were back for the game were: U. Wayne Wright, '11, of Carrollton; Hazel McCormick, '21, of Florio, Ill.; and Opal Marshall, '21, who is teaching in Clinton, Ill.

Conservatory Notes

Mr. Munger is spending his vacation in Indianapolis, Ind. Mr. Quast visited friends in Mt. Sterling and Griggsville. Miss Armstrong is spending her vacation in Mt. Sterling. Miss Pires is spending Thanksgiving vacation in St. Louis.

Friends of Illinois College are looking forward with pleasure to the Recital to be given at Academy Hall Thursday evening, December 1st, by advanced students of the Department of Expression under the direction of Mrs. Perry Thompson. The program promises to be one of unusual interest. Scenes will be given from the plays Henry Arthur Jones, Booth Tarkington, Louis N. Parker and Constance Mackay. The public is cordially invited. Admission is free.

Mrs. Bullard left for Chicago last Sunday evening to spend her vacation with her daughter Virginia and son Edward.

Mrs. Fay Foreman is spending her vacation with her parents in Kane. Phi Omega will meet Dec. 6th, the following program will be given: Current Events, Catherine Wilson. Piano solo, Ruth Wilkinson. Violin solo, Eloise Capps. Vocal solo, Hilda Van Tuyle. Paper, Ruth M. Armstrong.

There will be a student's recital Friday afternoon, Dec. 2nd, at 4 o'clock.

**LOCAL CLUB WILL
HEER DR STEINER**

Jacksonville Woman's Club Engages Noted Teacher and Lecturer Saturday, December 10—Will Talk on Europe.

The Jacksonville Woman's club considers itself very fortunate to be able to secure Dr. E. A. Steiner as the speaker for the December meeting. Dr. Steiner has lectured here before, and is, therefore, not a stranger to those whose privilege it has been to hear him on those occasions.

The subject of his lecture is on "The Mind of Europe," and his very recent return from Europe will make his information both accurate and interesting.

Dr. Steiner is an Austrian Jew with the degree of Ph. D. from Heidelberg. As a young man he came to the United States and experienced the usual hardships of the usual immigrant. Unlike the usual immigrant, however, he has forged ahead and become a great teacher and a writer of more than ordinary interest.

He was converted to the Christian faith, and became a Congregational minister. The call of the old world led him to make frequent trips to Europe, for study and comparison of problems of the two. By virtue of his sympathetic understanding of the immigrant, and his practical application of Christianity, Grinnell college, Iowa, offered him the chair of applied Christianity in 1902, which he accepted and still retains. This past summer he revisited Europe, for the first time since the war, at the invitation of the American Friends Service Committee of Philadelphia, to investigate the reconstruction work carried on by the Quakers in France, Germany, Austria, Czechoslovakia, Serbia, Poland and Russia.

As a lecturer, he brings to his subject sympathy, understanding and clear insight of relationship of cause and effect, which make his lecture of value as well as interest. In order that any one not a member of the club may hear Dr. Steiner, guest tickets will be available, at a time and place to be announced later.

The meeting will be held Saturday, Dec. 10, at 3 p. m., in the Music Hall at Woman's College.

Runabout
\$325 F. O. B. Detroit

THE Ford runabout is just what its name implies—it's a regular "get-about."

There is no other car that will take you there and back again, quicker, safer and more economically.

It's the car for the man of action—the farmer, the merchant, the doctor, the contractor, the collector—the car that is useful every day of the year.

Low in the cost of maintenance, with all of the sturdy strength, dependability and reliability for which Ford cars are noted.

On account of the unusual demand we urge that your orders be placed as early as possible.

The Morgan County Red Cross and Ex-Service Men

Everybody knows the Red Cross but how many know what the Red Cross is doing? How many citizens of Morgan county know what the local Red Cross is doing? How many know what it has accomplished since the last year and what tasks it has before it for the coming year? Because of the very nature of its work, practically no publicity, except in a general way, is given the Red Cross for its meritorious acts, especially those acts which benefit individuals. Many, many times a helping hand and jingling purse is extended to the needy and other folks near seem to know of it.

The writer will briefly review some of the most important work that the Morgan County Chapter of the Red Cross is doing for the ex-service men, especially that part which affects the ex-service men who are patients in the Jacksonville State Hospital.

Just a year ago the Federal Board of Vocational Education established a training center in the Jacksonville state hospital for the benefit of all World War ex-service men therein confined. At that time there were seventeen ex-service men in that hospital, but, as the training center was developed, that number was increased by transfers, etc., until it reached according to the last report, eighty-two. Of the original seventeen, only four were receiving compensation and only a few others had filed claims for it. It was noticed that only about eight per cent of the new arrivals had awards of compensation and only about eighteen per cent had made application for same. Since the federal government had accepted the offer of the Red Cross to assist claimants in executing their claims, the local headquarters were visited and the secretary advised of the necessity of having some competent person handle the claims of the men in the Jacksonville state hospital. It was known that this would entail a great amount of detail work; formal application had to be filed and these applications supported by numerous affidavits; copies of army discharge certificates obtained; medical evidence supplied; personal histories furnished; legal conservators appointed, and even the man's identity established.

This is usually a difficult task, especially when dealing with men who are suffering with mental disabilities and who are unable to give any useful information concerning their records, etc. However, the local Red Cross workers were found to be familiar with the correct procedure necessary in presenting men's claims to the government and tackled the job with such energy that, at the present time, practically every case has been properly brought to the attention of the federal government, affidavits and records filed, and action obtained on the majority of claims.

The Morgan County chapter, besides doing excellent work, has also been generous. No benevolence could be more widely felt or more appreciated than the weekly gift of tobacco and cigarettes which the local Red Cross furnishes to the ex-service men in the Jacksonville state hospital. At first thought some persons might think this an unnecessary expenditure but if those persons could see how eager the boys are for their tobacco and cigarettes they would not stop to consider whether it were a necessity or not. It is indeed unfortunate that these men's disabilities are such as to make restraint necessary, but since they must be confined in a hospital, they surely deserve all our efforts towards making their disabilities as light as possible. For mentally disabled men, as well as normally, it would be hard to find anything for a group that lends more to contentment than tobacco. Every one enjoys an after dinner smoke, a hot chocolate, a cup of tea, or a box of candy, just so do these men enjoy their tobacco. Surely none would hesitate to contribute to the Red Cross in order that these men might have their two cigarettes each day. Anything that we can do for them is minimized when compared with what their sacrifice has been. Join the Red Cross and be a worker. Help the Red Cross and help those that helped save your country.

DISTINGUISHED AWARD GIVEN TO CADILLAC

United States Government Formally Recognizes War Service of Cadillac.

The United States government has formally recognized the service rendered by the Cadillac in the war by an award for distinguished service to the Cadillac Motor Car company.

The award is in the form of a parchment with the war department eagle and the great seal of the United States, and says:

"The war department of the United States of America recognizes in this award for distinguished service the loyalty, energy and efficiency in the performance of the war work by which the Cadillac Motor Car company aided materially in obtaining victory for the arms of the United States of America in the war with the Imperial German government and the Imperial and Royal Austro-Hungarian government."

During the war Cadillac provided the standard 7-passenger army car to the A. E. F. and built a large number of Liberty motors.

C. A. Young, Cadillac Dealer.

IT DOESN'T HAPPEN WITH US

The story is told of a little boy who was comfortably (?) dressed up in a new pair of knickers which furnished inspiration for wails of protest.

"Mother, I can't wear 'em, they're too tight."

"Hush, Billy, you know those are size 8, the size you ought to wear."

"Yes, but mother, they're tighter than my own skin."

"Billy! What do you mean by such an exaggeration? That cannot be possible."

"Well, it is! I can sit down in my own skin but I can't in these pants."

NOW all of his knickers are purchased at Horen's where an 8 is an 8.
